“

My father, Braxton Cutchin, and I founded the company in 1996. After being in the PEO and HR world for more than 25 years, I have experienced firsthand the value we can provide to both the clients and the employees. It is truly a win for all parties. I'm proud to have helped establish Propel HR as an industry forerunner in the Southeast. There is nothing I love more than receiving phone calls from clients who seek my advice as a trusted advisor. This is a business where I feel that I can help others, and that is important to my own value.”

President, Propel HR*

ABOUT US

It's About People, Not Paper.

We know that behind every paycheck is a real person, with a family and responsibilities. And behind every business is an owner who is passionate about their ideas, products and customers.

For us, paperwork is people-work. We do what we do so your employees know they can rely on accurate payrolls and excellent benefits, and so you can relax and get back to growing your business.
